

Commercial Building Permit Checklist

The following is a checklist of documents required for commercial building permits:

- Plans to be submitted electronically through GovMotus
- One (1) digital set of Building and Civil Plans (jump drive)
- Completed Commercial Permit Application
- Cost of Construction Form
- Contractor's State License
- ComCheck Energy Analysis (www.energycodes.gov/comcheck)
- State Fire Marshal Plan Review Letter and cautionary codes
- Health Department Plan Review Letter, if applicable
- Approval from EBR Subdivision Engineering for curb cuts, sewer tie in and drainage tie in (can be applied for on www.MyGovernmentOnline.org)
- Strip Mall Developments and Retail Food Requirements acknowledgement, if applicable
- DHH plan review letter, if applicable
- Photometric site lighting plan
- Design Supervision statement

Planning & Zoning Department:

- Landscape Plan
- East Baton Rouge approval, if applicable

Engineering Department:

- Proposed Flood Elevation Certificate two (2) copies
- Compaction test results if more than 8" of fill is brought in
- Site Specific Erosion Control Plan and SWPPP if greater than one acre or within a development; NOI as required by DEQ.

*** Incomplete permit applications will not be accepted. All required information must be submitted with the application**

BUILDING PERMIT CHECKLIST COMMERCIAL

Payment of the minimum \$250 review fee is due at the time the plans are submitted. Payments of all remaining fees and/or charges are due prior to issuance of permit.

The following items may also be required prior to issuing a permit:

- a.** If rezoning property, Zoning Commission and Council approval shall be required.
- b.** If alcohol is to be sold/served, Alcohol Beverage Control (ABC) approval (225) 389-3364.
- c.** If food is to be sold/served, Health Department approval (225) 242-4870.
- d.** If Treatment Plant is to be installed, Board of Health approval (225) 242-4870.
 - d.** Treatment Plants over 3000 gallons, Dept. of Health & Hospitals approval (225) 925-7200.
- e.** If excavating in Parish R/W (traffic signal fiber optic line locations): Traffic Engineering (225) 389-3246.
- f.** If fill or grading work is planned, a separate **site clearing / disturbance permit** shall be required.
- g.** The site must be identified from start of construction with municipal numbers.
- h.** Subcontractors (electrical, plumbing, and mechanical) must be licensed by the State of Louisiana as required by state law.

Renovations, Additions, and Accessory Structures

You must obtain a building permit **before** beginning a renovation, addition or constructing an accessory structure. A permit is also required for ready-to-install structures (such as storage sheds) **over** 120 square feet. Please contact the Building Department for additional information.

Permit and Inspection Fees

Commercial Building Construction:

Valuation is assessed at the contract price of the construction unless the contract price is substantially lower than other similar contracts for that type of structure. In such case, the valuation will be assessed at 87% of the ICC valuation table amount as indicated in the "Building Safety Journal."

Permit & Inspection Fee:

\$5.00 per every \$1,000 in valuation up to \$1,000,000; or,
\$5000 + \$3.00 per every \$1000 in valuation between \$1,000,000 and \$5,000,000; or,
\$17,000 + \$1.50 per every \$1000 in valuation above \$5,000,000

Minimum Permit Fee: \$250.00

Plan Review Fee: 35% of Permit Fee

Minimum Plan Review Fee: \$250.00

For Example: A Retail Shopping Center structure contract price is \$250,000

Permit & Inspection Fee would be $250 \times \$5 = \$ 1250.00$

Plan Review Fee would be $\$ 1250 \times 35\% = \$ 437.50$

Flood Zone Determination & PEC = \$ 30.00

For a total of \$ 1717.50

Trade (Mechanical, Electrical & Plumbing) Permit Fees:

Trade Permit Fees: \$5.00 per every \$1,000 in valuation of the trade contract price. If the trade cost(s) is included in the contract price for the structure, the trade fee(s) is included in the Building Permit fee.

Minimum Trade Fee: \$100.00

Proposed Elevation Certificate and Flood zone Determination Fee:

\$30.00

Re-Inspection Fees:

Re-inspection Fee: \$50.00

Inspection for which no fee is specifically indicated: \$30.00

Inspection outside of normal business hours: \$100.00

Payment is by Cash, Money Order, Credit Card, or Check, payable to "City of Central".

Minimum Plan Review Fee due at time of Application (\$250.00); Remaining fees due prior to issuance of Permit.
