

Residential Demolition Engineering Checklist

225-228-3200 | 11207 Proverbs Avenue, St. George, LA 70816 | stgeorgela.gov

Application Checklist

- Completed and signed City of St. George Demolition Permit Application
 - <https://stgeorgela.net/media/xhrf3fx4/demolition-permit-application.pdf>
- Demolition Plans with the following included:
 - __ Graphic Scale and North Arrow
 - __ Limits of demolition
 - __ Limits of milling, saw cutting, and replacements of paving
 - __ Label all utilities to be abandoned, removed, or relocated
 - __ Any applicable demolition notes
 - __ Reference any applicable environmental conditions
 - __ Label all existing utilities
- Erosion Control Plan showing Stormwater BMPs (silt fence, inlet protection, etc.)
- Completed City of St. George Environmental Recommendation Form
 - <https://stgeorgela.gov/media/q2afo5m2/combined-environmental-package.pdf>
- If over an acre of land is to be disturbed, a stormwater pollution prevention plan will be required. This will need to be reviewed and approved by the City of St. George.
