

Mobile Home Engineering Checklist

225-228-3200 | 11207 Proverbs Avenue, St. George, LA 70816 | stgeorgela.gov

Application Checklist

- Site/Plot Plans with the following included:
 - All proposed improvements with dimensions
 - All servitudes, property lines, and required setbacks
 - Any existing structures currently on site
 - Show exactly how the mobile home will be secured to the ground, i.e., foundation, piers, etc.
 - State whether any fill will be brought on site and if existing ground will be re-graded in anyway

- If project is within a FEMA designated hazard area or a community defined flood zone:
 - City of St. George Flood Zone Determination Application
 - <https://stgeorgela.net/media/xlmjaint/flood-zone-determination-application.pdf>
 - City of St. George Proposed Elevation Certificate
 - <https://stgeorgela.gov/media/2v2cvwpa/proposed-elevation-certificate.pdf>

- Completed and signed City of St. George Mobile Home Application
 - <https://stgeorgela.net/media/5uhkukoh/2024-manufactured-or-mobile-home-installation.pdf>
